Featured Speakers

Jonathan Rudyk, P. Eng., R.V. Anderson Associates Limited

Jonathan is a process engineer at R.V. Anderson Associates Limited (RVA), an engineering consulting firm in Toronto, Ontario. He has a masters of engineering with a specialization in advanced water technologies and process design from the University of Toronto and an undergraduate degree in chemical engineering also from the University of Toronto. As a process engineer he has experience with water and wastewater related class environmental assessments, preliminary and detailed designs, construction services such as site inspection and contract administration, and project management. He has been a member of the WEAO Young Professionals Professional Development committee since April 2021.

Brandon Beck, P. Eng., AECOM

Brandon is the manager of AECOM's GTA Water group and has over 14 years of experience in the drinking water industry as a project manager and process engineer. He has overseen the design and construction contract administration for a variety of municipal infrastructure projects at water treatment plants, pumping stations, reservoirs and elevated tanks, ranging from \$100k to \$150M in capital costs. Outside of the office, Brandon is an avid golfer, travel enthusiast and enjoys cooking new recipes for family and friends.
