Job Description (E)

Salary: OIT - IV \$25.98 – 42.93 per hour

POSITION PURPOSE

Under the functional direction of the Supervisor, Operations, Maintenance and Monitoring, and the day-to-day work direction of the Team Lead, assists with operations and maintenance tasks supporting the optimal operation of wastewater treatment plants and associated pumping stations, and the optimal operation of ground water systems, water treatment plants, associated booster stations and the transmission system to meet Provincial Acts and Regulations, and Regional standards.

MAJOR RESPONSIBILITIES

- Assists with operations and maintenance tasks supporting the optimal operation of wastewater treatment plants and associated pumping stations, and the optimal operation of ground water systems, water treatment plants, associated booster stations and the transmission system.
- Enters sewers, wet wells and treatment tanks or chambers for the purpose of performing maintenance.
- Performs operator-in-training operations and maintenance tasks as directed and in accordance with Regional and Provincial standards.
- Enters data and maintains data logs on all activities performed ensuring records are current; utilizes Computerized Work Management Systems (CWMS) technology for maintenance activities such as work orders and entering data on work performed, as directed.
- Ensures that documentation logs are completed legibly and accurately, under the direction of the Operator-in-Charge or designate.
- Participates in meetings and in work groups as assigned.
- Rotates to various water/wastewater locations, as directed.

QUALIFICATIONS

- Post Secondary Diploma/Certificate in Environmental Sciences (2 or 3 yrs) or approved related combination of education and experience.
- Operator-in-Training Ontario MOE certification in water treatment, water distribution and supply, wastewater treatment and wastewater collection.
- Demonstrated experience in mechanical electrical equipment and pump maintenance procedures.
- Basic understanding of system hydraulics and knowledge of the OH&S Act and relevant Provincial Acts and Regulations.
- A valid Class "G" drivers' license and clean driving record.
- Demonstrated ability in corporate core competencies including customer service, communication, teamwork, initiative/self management and accountability, and flexibility/adaptability.
- Basic proficiency utilizing MS applications Word, Excel and Outlook, and ability to use specialized software such as CWMS business application.

NOTE
