

Job Opportunity:

Utilities Technician (2 Positions)

Why InnServices?

InnServices Utilities Inc. is an award winning, progressive organization that delivers water and wastewater services in Innisfil, Ontario. With InnServices, you will be part of a cross-functional and collaborative organization that prides itself on safety, innovation & efficiency, quality & reliability, and fiscal prudence.

Our diverse and family-oriented organization values a supportive and respectful culture where employees can grow through training, education and further development opportunities. Our corporate mission is “to provide safe, reliable & Cost-efficient water & wastewater services, through innovation – that are valued by our communities. To foster an inclusive, supportive, family-oriented Utility that values our employees & our communities.”

Why You?

We are looking for a dynamic and forward-thinking individual to focus on improving operating and maintenance efficiency throughout the various water distribution systems.

Reporting to the Utilities Supervisor Operations, Water, the Utilities Technician will be responsible for the regular operation repair and maintenance of the water distribution system including all relevant appurtenances.

The Utilities Technician will also be responsible for:

- ✓ Monitoring site commissioning of new water distribution installations (includes swabbing, flushing, tie-ins), installation and verification of water meters as required, and responding to locates requests.
- ✓ Performing duties related to the effective operations repair and maintenance of InnServices water distribution system outside of all facilities (booster stations, water storage facilities, treatment facilities, monitoring stations).
- ✓ Conducting utility locates as required, analyzing data regarding excavation locations and construction prints and operating various electronic devices.
- ✓ Developing and implementing distribution system maintenance strategies for valve exercising and hydrant maintenance and tagging.
- ✓ Flushing water lines to ensure water quality; utilizes pocket colorimeter and other testing instruments to record residual samples taken as part of flushing program.

The ideal candidate holds:

- ✓ A licensed Water Meter Installer (governed by the Ministry of Training, Colleges and Universities).
- ✓ Grade 12 diploma or recognized equivalent is required at a minimum with a relevant post secondary education is preferred.

- ✓ MECP's Class 3 Water Distribution Certification is required. A lower-level certification in the same category with reasonable experience could be considered. Strong computer skills utilizing Microsoft office suite, GIS mapping, SCADA, CMMS.
- ✓ Minimum of two (2) years' experience performing operational and maintenance duties in a water distribution system. Experience performing locating, marking, and mapping utility lines will be an asset.
- ✓ A Class G level driver's license in good standing.
- ✓ The successful candidate will be required to be on the on-call roster to respond to on-call within a reasonable period of time, or as specified under InnServices policy.

Closing date is **October 9, 2023.**
