The **City of Thunder Bay** provides exceptional quality of life to those who live, work, and play in Thunder Bay – a culturally vibrant, economically diverse community with a metro population of over 120,000. Located on the north shore of Lake Superior, under the protective watch of the Sleeping Giant, Thunder Bay is rich in people and resources, and connects Northwestern Ontario to the world. We value our high quality of life and promote a clean, green, beautiful, and healthy community that provides economic opportunity, respects diversity, and provides affordable and safe neighbourhoods that are accessible to all.

The City of Thunder Bay is a place where art, culture and nature come together!

POSITION SUMMARY: Under the general supervision of the Superintendent Sewer & Water, is responsible for the supervision and operation of the Contract Project Services Unit and the Water Metering repair and installation area.

MAJOR RESPONSIBILITIES:

1. Directs the supervision, operation, and maintenance of the Unit.
2. Hires, trains, directs, develops job descriptions, carries out performance reviews, recommends levels of pay, disciplines, investigates compensation claims and accidents, approves vacations and leaves of absence, terminates and organizes the work force to carry out the Unit's services.
3. Provides overall management for specific projects involving design, construction, and commissioning through co-ordination with consultants, other divisions and management.
4. Confers with consultants, contractors, regulatory agencies, other governmental organizations, peers, senior management and the public.
5. Plans and oversees the initiation of expenditures, identifies priorities, develops unit budgets and monitors expenses for budget compliance.

.../Cont'd ...

6. Ensures that plans, procedures, standards, safety precautions and rules are put in place and staff work in compliance with all related Provincial, Federal and Corporate regulations, requirements and policies.
7. Arranges for insurance, equipment, procedures and controls to be in place to protect the Municipality from civil liabilities.
8. Prepares and ensures record keeping, drawings and reporting requirements are maintained in compliance with all related regulations, requirements and policies.
9. Promotes and oversees the development of work practices, training programs and staff involvement, to ensure worker safety, efficiency, employee development and fair working conditions.
10. Participates in the on-call duties associated with the wastewater collection system and water distribution emergency response protocol and assumes the duties of the Operator in Overall Responsibility.
11. Participates with other sections/departments and municipalities for the overall development of best practices.
12. Performs other duties as may be assigned.
