

Project Manager, Wastewater Capital - 1 position (Wastewater Replacements)

Project Manager, Wastewater Capital – 1 position (Wastewater Lining Program)

Public Works - Water and Wastewater

Regular Full Time

Salary Range: \$103,177 to \$128,969 per annum plus comprehensive benefits

Work mode: Hybrid 2 On-site days per week which can change based on operational needs.

Location: 10 Peel Centre Drive, Brampton ON; Ability to travel within the Region of Peel required

Hours of work: 35 Hours per week

What you will do in this role:

- Request and obtain all approvals, define scope of work, develop terms of reference for requests for proposals/services, prepare and issue tender documentation for procurement of goods/services including the evaluation of submissions
- Coordinate and control project budgets, negotiate and approve changes in scope and maintain the quality and schedule of the project details using project management principles
- Obtain and incorporate input from other Regional Departments and stakeholders for the design and construction of the assigned Regional capital projects
- Liaise with the public, local municipalities, provincial and regulatory agencies and all utilities
- Manage project teams consisting of staff, consultants, external vendors and other stakeholders
- Monitors performance of consultants and contractors via transparent dialogue, ensuring compliance with terms of reference, contract documents and Regional policies.
- Provide assistance and recommendations on the preparation and development of the annual Capital Budget
- Voice and discuss recommendations for the continual improvements of current practices
- Perform other duties as assigned, in accordance with the departments objectives

What the role requires:

- Successful completion of a degree in Civil Engineering, a Certified Engineering Technologist diploma or related field
- Minimum three (3) years of progressive experience in planning, design and construction of municipal infrastructure including watermain transmission and distribution systems, sanitary sewer collection and conveyance systems, and/or pipe lining programs or an equivalent combination of education or experience
- Thorough knowledge of design standards, related codes, regulations, safety acts, tendering/contract process and contract administration
- Ability to travel within the Region of Peel

Skills/ Abilities:

- Strong negotiating, planning, scheduling and project management skills
- Excellent communication (verbal and written) and public relation skills
- Demonstrated financial skills to make cost estimates to control budgets and expenditures
- Demonstrate a commitment to diversity, equity, and inclusion through continuous development, modeling inclusive behaviors, and proactively managing bias

Nice to have:

- Preference will be given to applicants who possess a Professional Engineering Designation and are members of the Association of Professional Engineers of Ontario

Perks @ Peel and why you will love working for us:

- Comprehensive Health, Dental, Vision benefit plan including psychological health, effective start date
- Voluntary enrolment into OMERS pension plan
- Accrue Vacation on a monthly basis starting at 3 weeks per annum
- 3 Paid personal days and floating holidays
- Flexible hours supporting your wellness and wellbeing
- Annual performance review and merit increases based on performance
- Supportive leadership and a culture of respect and inclusion
- Access to tuition reimbursement and learning and development resources

Be bold. Think big. Join us.

Work Mode & Job Location:

In this role, you'll benefit from the flexibility of a hybrid work arrangement that prioritizes meaningful in-person connection. A minimum of **two days per week on-site** is expected, with additional in-person presence as operational needs evolve. This arrangement allows for a blend of in person and hybrid work that adapts to support both organizational priorities and employee flexibility and is subject to change over time.

It's important to note that your off-site work location must be within the province of Ontario. This ensures that we're compliant with all regulations and policies.

The Region of Peel offers job based flexible hours of work that allows employees to manage personal and professional responsibilities while at the same time ensures business operational needs and customer service expectations are achieved.

Interview: Our recruitment process will include video conference technology
